June

Senior Moments

Of course we all joke about senior moments and hopefully forgive them. They are sometimes deeply embarrassing, and in my case rather too regular.

So, here is my apology for the mistakes in the May issue. Sorry folks!

In the Group One Match at Draycote I said that it was Dean Rudd who fished just outside the Harbour with Steve Collins. **Wrong!** It was John Hardy of Rutland Water F.F. I also said his boat partner did not finish. **Wrong!** I know he did because I was talking with him when I came in early.

So apologies to Dean, John and Steve Collins.

Rare Birds & Fly Tying

Some of you will have read in the Sunday Times of 31st May of the 'obsessive fly fisherman who in 2009 stole

299 rare bird pelts'

From the Natural History Museum

There was no indication if he was caught and the pelts returned – but if not

And any of you know who it was

It might be charitable to ask him to share them out!

Sharing

This year we have matches on Bewl – Hanningfield – Grafham – Pitsford – Eyebrook -Rutland and Draycote.

But where is Chew

Our philosophy was to share our matches between all our reservoirs. We were concerned to make sure every group fished a wide number of reservoirs.

Consequently we have a rule that states that no reservoir may be fished more than twice in each season by any group.

Lately I have noticed a reluctance for some anglers to fish reservoirs on the periphery of the Midlands quintet.

There is also a now ignored rule that states that every member club should designate a 'HOME VENUE' which has to be confirmed by the committee as suitable.

Section 2

Competitions General

2. Member Clubs shall designate a 'home venue', which must be confirmed by the Committee as suitable.

I wonder if it time we considered home venues as deserving special consideration.

Perhaps we should have a rule that states that any reservoir defined by a member club as a 'home venue' must be fished at least once in each year's Programme.

We have always tried to share our matches out with our 'home venues' and provided we do this fairly, using other reservoirs is good publicity.

Would you believe it?

It's not a joke but the Committee have been sent this by the Secretary

Dear Committee

An interesting situation arose in the Group 1 round 3 Match on Grafham last weekend. The angler at each end of a boat hooked the same fish. It was duly landed and the same fish counted towards the bag weight (and in one case limit) of each angler.

I suspect any decision we make won't affect the results on the day but we really need to take a position on this. As I see it we can:

1. Leave it as it is
2. Award each angler half the weight
3. Discount the fish altogether

All Change in Group One After a Wet and Windless Grafham

The third round of the AMFC took place at Grafham on 13th June. We all tackled up in the car park in heavy rain but by the time the match started it had eased but then drizzle set in for the whole day.

Without much wind the green algae formed and gradually spread during the day, but this did not put the fish off and a rod average of 6.0 was testament to the quality of fishing at Grafham this year.

Steve Lawes Best Bag

In the calm conditions the best method seemed to be the bung although some anglers also did well with straight nymphs.

*A unique event took place when 2 anglers caught the same fish at the same time - it was landed with both hooks in its mouth. The 2lb 6oz fish was weighed separately and it did not make any difference to the results on the day. I have known a fish take 2 or even 3 flies on one anglers cast before but never flies from 2 anglers.
(Chris Bobby)*

Top rod on the day was Steve Lawes from Soldier Palmers who took his 8 fish before 2pm on the bung in Church Cove.

There were only 2 4lb fish landed in the match - although as usual there were tales of big fish being hooked and lost. Best Fish was 4lbs 3oz from Mike Barret of Rutland

The final results confirmed a win for the Fish Hawks team who caught 38 fish weighing 88lb 4oz, remarkably exactly the same as the 40 fish landed by Queen Mother. However, the time bonus earned by the Fish Hawks team was enough for a victory by nearly 3lb. This result has changed the league table somewhat with Fish Hawks moving to the top and Queen Mother moving clear of the bottom.

Match day was a wind change day which made it more difficult!

Ray French – Bewl 'B'

Big Fish

Before this match I was beginning to question what had happened to all the big fish.

Then Draycote produce three fish over 5lbs and three over 4lbs.

It appears they are still waiting to be caught.

Chris McLeod of Invicta 'A' caught the largest of the five pounders at 5lbs 11oz, which is also the largest fish this season.

Report by Chris McLeod (Invicta 'A')

B buoy had been producing some real lumps and that's

Those that pulled around A buoy were rewarded with regular lock ups and did well.

**England Police
Winners**

where all the Invicta boats went, fishing very deep on Di7s and boobies.

Later in the day the cloud cover encouraged more and more fish to show on top.

Most of the rest of the fleet went to Rainbow Corner with areas such as Toft and Biggin empty of boats.

At first they could be caught but gradually became more difficult as more and more boats went over them, Even the dry fly specialists struggling. But Toft came alive with fish and with relatively few boats in that area, they were much more willing.

As the day progressed and the big fish did not appear, anglers explored other areas.

Three out of Three puts Grey Lags in Prime position going into the last Half of the Season

Unfortunately the restaurant at the venue once again was unable to open in time to provide us with breakfast so there was quite a merry gang in the Roses café on London Road by 07:30. I still don't understand why the management continues to miss out on income from anglers.

Fish had been stocked in Middlemead just three days before and practice on Thursday by Greylags and Soldier Palmers suggested that if you wanted to catch fish then that's where you had to be.

Weather-wise it was a warm, slightly overcast at times, and with a light wind from the SE.

Naturally with so many boats drifting very slowly in such a confined area there were a few mild incidents of boat rage and the occasional one of bank rage if the Eastern European Bank contingent felt the competition boats were too close.

Fishing was very patchy but there were fish all across the Middlemead area. I drifted there behind Greylag Sag Griffith and saw him net three fish in the space of five minutes. He weighed in just three fish.

Best flies were buzzers and diawl bachs mostly fished on a floating line and overall there were two limits and six blanks.

Grey Lags - Winners

The post-match meal was enjoyed by 23 anglers at the nearby Toby Carvery.
